FOR CONTRACTORS · 25 NOVEMBER 2026

BRIDGEGAP™

by EcoPIVOT Technologies Inc.

Get steady local customers for life, write one clean quote, get clear updates on your phone, and keep your own customer information.

Prototype in build Phone app — internet-based and paperless No per-lead fees. One contractor per job.

Port Alberni, Parksville, Qualicum Beach and surrounding areas, Vancouver Island, B.C.

THE OFFER

Steady local customers, and you keep their details

You do good work. The hard part is finding the next customer.

BRIDGEGAP™ brings you local jobs in Port Alberni, Parksville, Qualicum Beach, and the surrounding area on Vancouver Island, then hands the customer to you once the quote is paid. If you do the job well, that customer is yours for life.

The platform is fully internet-based and paperless. Your intake, the quote, the materials build list, the scan code, invoices, and bills are all digital. Because intake and quotes happen online and matching is local, there are also fewer site-visit and cold-call trips, so less gas use and less traffic. These benefits are the basis for possible environmental incentives and offsets that are being explored and are not yet measured or confirmed.

1. **You describe your business**
   Trade, ability, service area, availability, and your insurance policy number, given on your honour.
2. **Jobs that fit come to you**
   When a job matches, you are one of up to three local contractors the customer can consider.
3. **You set one clean quote**
   The system builds the materials list. You set a cost-plus price. The customer sees one quote.
4. **The handshake, then you take over**
   Once the down payment is paid, you get the customer's contact details directly. EcoPIVOT steps out. You keep that information.

BRIDGEGAP™ is a phone app. You get a notification when a new job matches, when a quote is ready or accepted, when a deposit is paid, when the handshake is complete, and when a re-quote comes in. Clear updates mean less chasing and less uncertainty, so your work is steadier and more predictable, and customers have more peace of mind.

The build list carries a scan code for a partner supplier. You get a discount and set the materials price the customer sees. Order at the store, or have the system send the order in.

> **Your customers stay with you**
> After the handshake, EcoPIVOT steps out. You keep your own customer information. The platform does not store records after that point. You enter your insurance policy number and attest that it is true. The responsibility sits with you. EcoPIVOT does not verify credentials.

Membership

A contractor membership is required. Working prices, adjustable and to be finalised, are below. Annual plans are priced at 10× the monthly rate. No per-lead fees. One contractor per job.

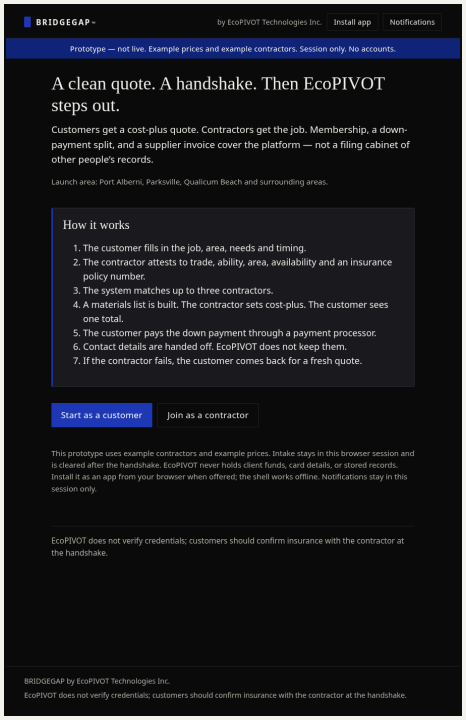

BASIC	PRO	CREW
$29/mo	$59/mo	$99/mo
Annual $290 (10× monthly)	Annual $590 (10× monthly)	Annual $990 (10× monthly)

PLAN	MONTHLY	ANNUAL (10× MONTHLY)
Basic	$29	$290
Pro	$59	$590
Crew	$99	$990

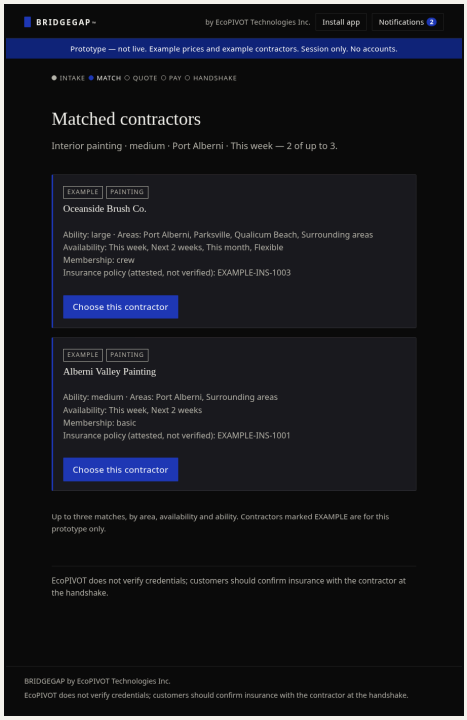

Up to three contractors may be invited to quote. After the customer pays, one contractor takes the job. The lead is not sold to a list of bidders. These prices are to be finalised.

Working prototype

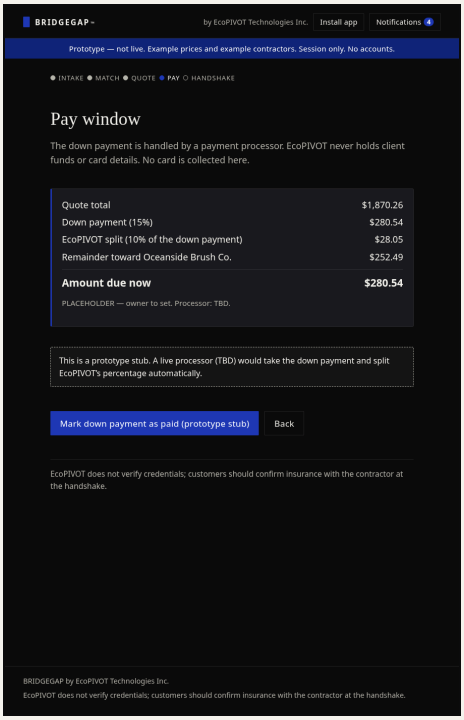

Working prototype, example data. The screens below use example contractors, prices, and names. They are not live accounts. Figures in the prototype are placeholders, not final fees.

01 · Home. Working prototype, example data. Join as a contractor.

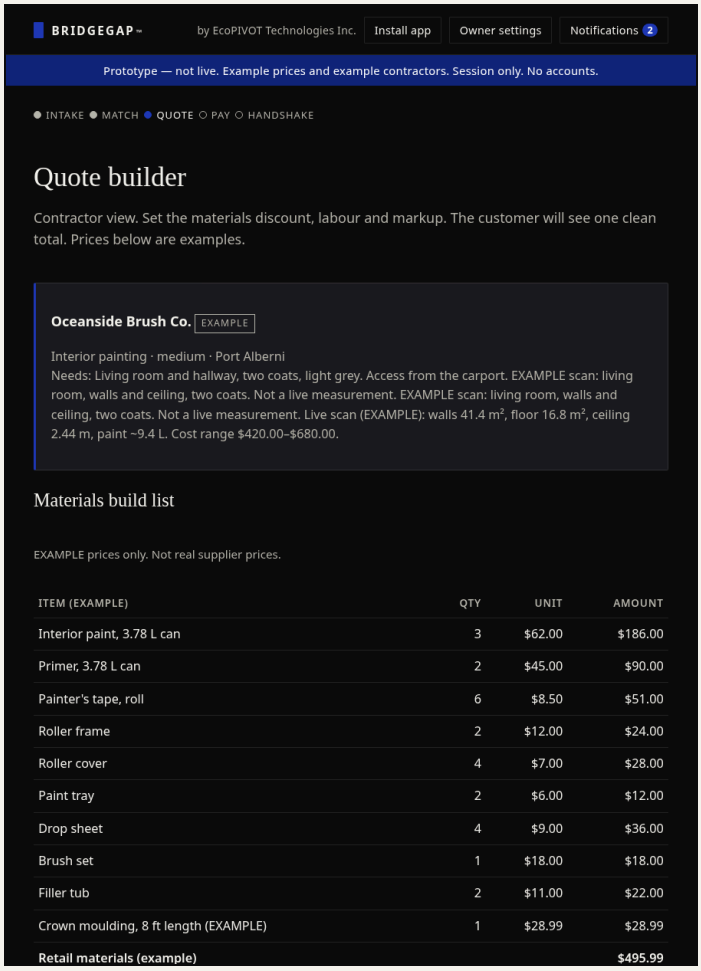

02 · Matches. Working prototype, example data. You may be one of up to three local contractors the customer can consider.

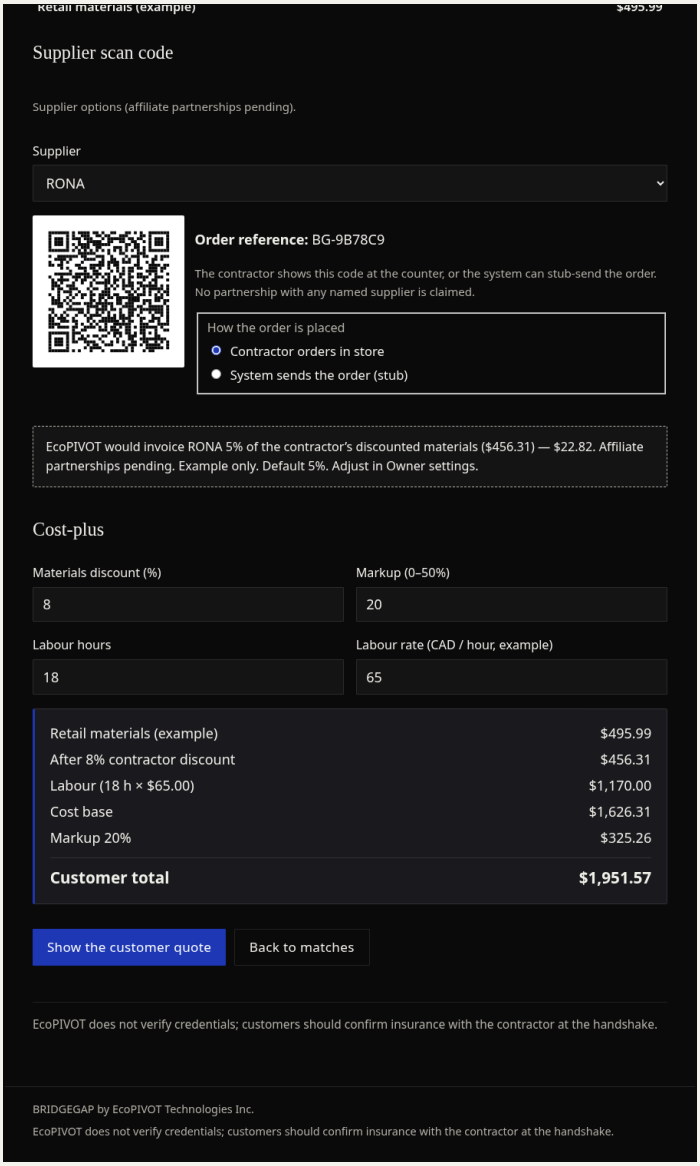

04 · Pay window. Working prototype, example data. Once the deposit is paid, you take over the customer. Figures are examples.

Quote, materials, and scan code

Working prototype, example data. One screen, shown in two parts so the build list and the scan code remain readable.

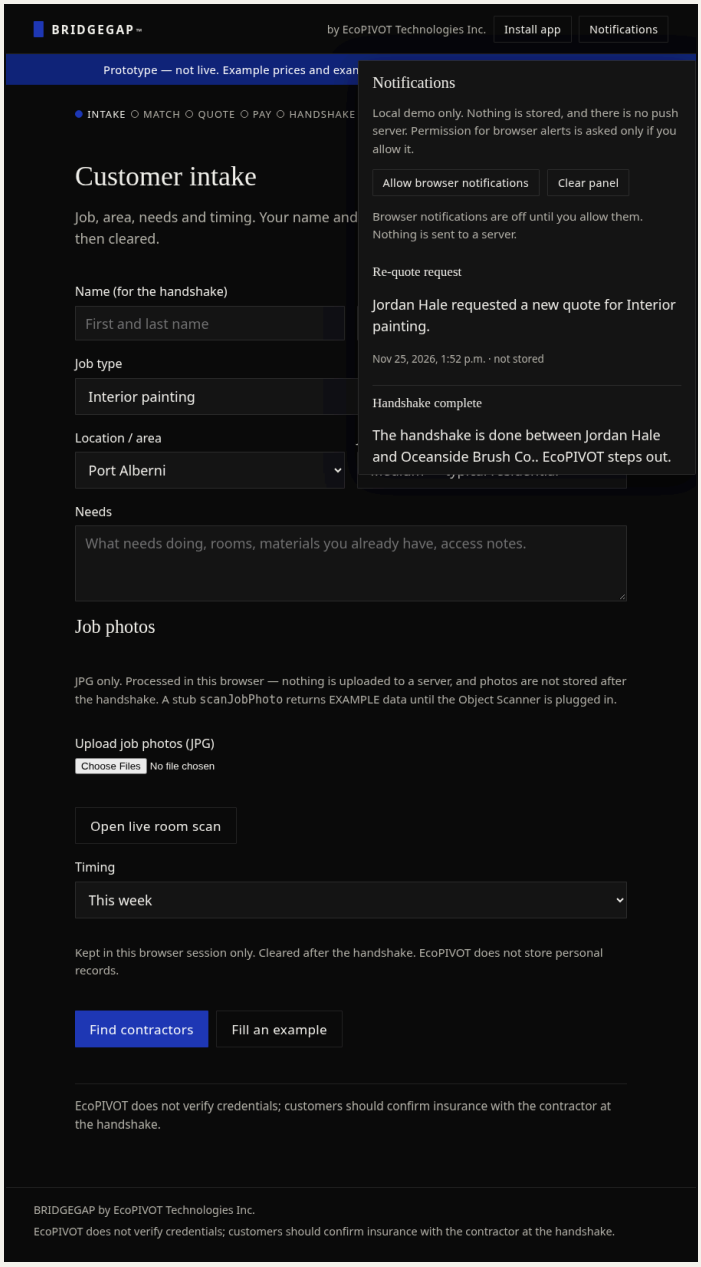

03 · Quote builder, part 1. Working prototype, example data. You set materials, labour, and markup. The customer sees one clean total.

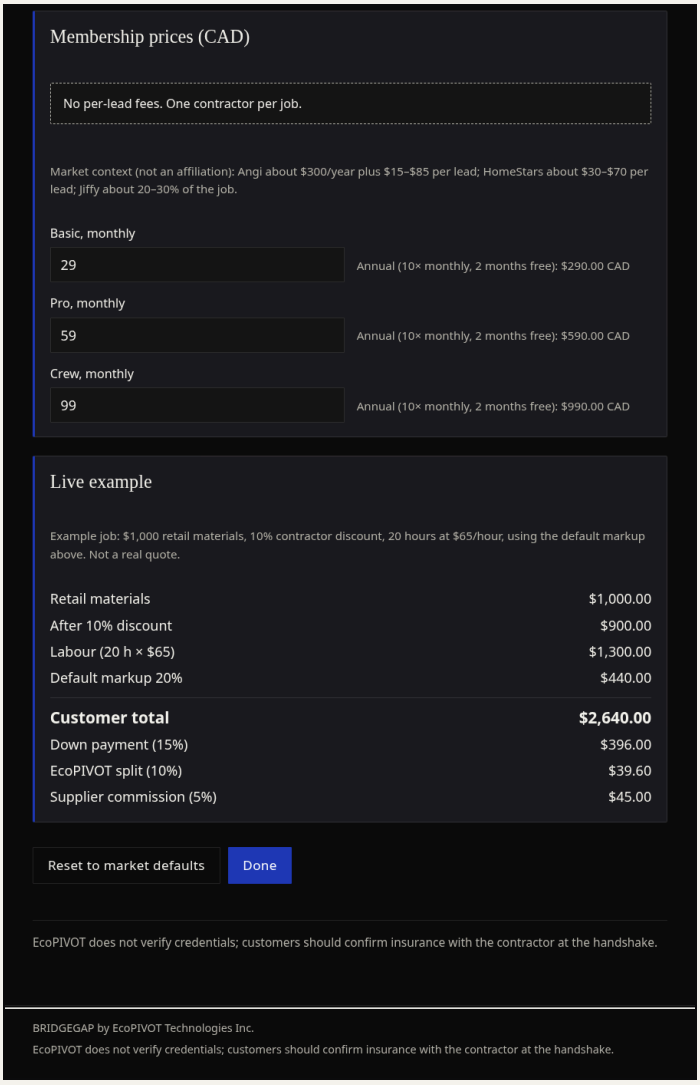

03 · Quote builder, part 2. Working prototype, example data. A scan code for a partner supplier. Partnerships pending. Prices are examples.

Membership in the prototype

Working prototype, example data. Membership prices shown here are the same working figures as in this document, and are to be finalised.

05 · Notifications. Working prototype, example data. Updates when a job matches, a quote is accepted, a deposit is paid, or a handshake is complete.

07 · Membership settings. Working prototype, example data. Basic $29, Pro $59, and Crew $99 per month. Annual plans are 10× monthly: $290, $590, and $990. No per-lead fees. One contractor per job. Prices to be finalised.

EcoPIVOT Technologies Inc. · BRIDGEGAP™ · One Canadian patent application pending (CA 3,287,042). EcoPIVOT does not verify credentials; customers should confirm insurance with the contractor at the handshake. Supplier names, where mentioned, are text only; partnerships are pending. Working prototype screens use example data. This document does not project revenue or return.
